

## ***RYA Diesel Engine Course***

This course includes basic maintenance and engine care which will prevent most cases of engine failure.

<b>Description</b>	Mechanical failure is the main cause of lifeboat callouts. Basic maintenance and engine care may ensure you are not part of these figures. This one-day course provides an awareness of the main systems of a marine diesel engine. It gives you the ability to take simple measures to prevent mechanical breakdown at sea and rectify defects which do not require workshop support.
<b>Course type:</b>	Classroom theory and practical
<b>Suggested minimum pre-course experience:</b>	None
<b>Assumed knowledge:</b>	None
<b>Course content:</b>	Basic maintenance and engine care
<b>Ability after course:</b>	Awareness of the main systems of a marine diesel engine. Able to take simple measures to prevent mechanical breakdown at sea and rectify defects which do not require workshop support.
<b>Minimum duration:</b>	1 day
